

**Charter
Audit and Finance Committee
Time Warner Inc.**

The Board of Directors of Time Warner Inc. (the “Corporation”; “Company” refers to the Corporation and its consolidated subsidiaries) has adopted this charter for its Audit and Finance Committee (the “Committee”). This charter is intended to supplement the provisions in the Corporation’s By-laws pertaining to the Committee.

Composition

Number and Qualifications. The Committee shall have at least three members. Each Director who serves on the Committee must be affirmatively determined by the Board to satisfy the requirements established by the Corporation’s By-laws and Corporate Governance Policy, as well as by the New York Stock Exchange, to be considered an “independent” member of the Board. In addition, the Board of Directors must determine that each member of the Committee satisfies the requirements governing independence of audit committee members established by the New York Stock Exchange and Securities and Exchange Commission (the “SEC”), including those issued pursuant to Rule 10A-3 of the Securities Exchange Act of 1934.

In addition to satisfying the foregoing independence requirements, each member of the Committee must be financially literate, and at least one member of the Committee must have accounting or related financial management expertise and satisfy the criteria to be an audit committee financial expert under the rules and regulations of the SEC, as those qualifications are interpreted by the Corporation’s Board of Directors.

No Committee member shall serve on the audit committees of more than two other public companies at the same time as he or she serves on this Committee, unless the Board specifically determines that it would not impair the ability of an existing or prospective Committee member to serve effectively on the Committee. Further, each prospective Committee member shall evaluate carefully the existing demands on his or her time before accepting appointment or re-appointment to the Committee.

Appointment. The Board of Directors, upon the recommendation of its Nominating and Governance Committee, shall elect the chairman and other members of the Committee on an annual basis, generally at the first meeting of the Board of Directors following the Corporation’s annual stockholders meeting.

Rotation and Removal. The Committee chairmanship shall be rotated periodically. To assure familiarity with the issues facing the Committee, the chairman should generally have served at least one year on the Committee prior to becoming chairman.

The Board of Directors may, pursuant to the By-laws, remove a member of the Committee, or replace the chairman, provided that the Board must, at all times, assure that the

Committee will have a chairman and sufficient members to satisfy the requirements set forth above relating to the number and qualifications of Committee members.

Purpose

The Committee's purpose is to assist the Board in fulfilling its responsibilities to the shareholders, potential shareholders, and investment community, by assisting in the Board's oversight of: the quality and integrity of the Corporation's financial statements and accounting practices, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of the Company's internal auditors, internal audit function, and independent auditor. In addition, the Committee assists the Board in connection with the Corporation's financial structure and strategy. The Committee also provides assistance to the Board by performing certain functions in connection with reports of material violations of securities laws, material breaches of fiduciary duties, and similar violations by the Company, and investigations related to such reports. Further, the Committee shall produce the Committee's report to be included in the Corporation's annual proxy statement.

While the fundamental responsibility for the Corporation's financial statements rests with management and the Independent Auditor, and while the Internal Auditor and Independent Auditor are responsible for conducting audits, the Committee shall have the following authority and responsibilities:

Firm and Partner Rotation. The Committee shall consider, at least annually, whether the Corporation should have a policy requiring a regular rotation of the Independent Auditor and report its findings to the Board. The Committee shall also establish a policy regarding the rotation of the lead partner and concurring and reviewing partners in accordance with applicable SEC regulations. Further, the Committee may establish a policy regarding the rotation of the partners of the Independent Auditor who are responsible for each of the Company's major business units.

In conjunction with its annual audit and its limited quarterly reviews of the Corporation's financial statements, the Independent Auditor will review with the Committee any problems or difficulties the Independent Auditor encountered in the course of its work, including any restrictions on the scope of the firm's activities, its access to information, or any significant disagreements with management and management's responses to such matters.
